

### Field Trip: September 17-18, 2011.

Post congress thematic field trip is planned for 17-18 September. Field trip will be held at the localities in Western Serbia. Accommodation in double room or single room. The fees include transport, accommodation and meals. Due to maximum number of 50, potential participants are invited to book their field trip as early as possible. A waiting list will be created and the organizers will notify if more seat becomes available. Detailed sites and routes will be presented on the Congress web site (<http://www.maegs-17.rs>) and listed in the second Announcement

Read more about Field trip localities, Belgrade hotels, accommodation, arriving and departing, at official site: [www.maegs-17.rs](http://www.maegs-17.rs)

### Congress Place:

Belgrade is one of the oldest cities in Europe. Its history goes back to 7,000 years ago. The area around two great rivers has been inhabited as early as paleolithic period. Archaeological sites indicates that the area of Belgrade has been continually inhabited. Many of today's settlements in Belgrade surroundings lie on cultural layers of earlier prehistoric settlements. Throughout history, Belgrade has been an important crossroad between the West and the East. The historical core of Belgrade, today's Kalemegdan, lies on the right banks of the Sava and Danube rivers.

Getting to Belgrade is easy with several options: plane, train, bus and car. Regular flights into Belgrade are available from many major European cities.

Meeting is a contribution to the  
 120<sup>th</sup> Anniversary of  
 the Serbian Geological Society

17<sup>th</sup> Meeting of the Association of  
 European Geological Societies

**Geology in Digital Age**

The Association of European  
 Geological Societies

The Serbian Geological Society

Belgrade 14 -18 September 2011

[www.maegs-17.rs](http://www.maegs-17.rs)

Meetings of the Association of European Geological Societies (MAEGS) have a long tradition, since the first one in Reading - England, 1975, up to the latest one in Cluj Napoca – Romania 2009. The MAEGS-17 continues this practice with a demonstration of the latest research results and achievements in geological sciences.

Increasing of quantitative methods in the geology as well as magnitude of information in general, led to immense use of computers in the geosciences. This was highly useful in solving different earth science problems varying from data acquisition, 3D visualization, simulation, up to presentation of results.

However, vast use of computers is followed with inevitable problems: Various incompatible information, dissimilar hardware or software systems, diverse segments of geoinformation spectrum, Redundancy, etc. In accordance with this there is constant need for collaboration through exchange of information and experiences, research results, etc. Thus Core subject Geology in Digital Age was proposed.

### **Papers, Abstracts & Presentations**

Author(s) will be allowed to submit papers or extended abstracts, which will be published in Congress Proceedings Volume.

The Congress activities will include oral and poster sessions. Power-Point presentations for the oral session are recommended. Detailed instructions on papers and presentations will be presented on the site [www.maegs-17.rs](http://www.maegs-17.rs) and listed in the second Announcement.

### **SCIENTIFIC SESSIONS**

*Digital Geological Mapping*  
*GIS Applications in Geology*  
*Geodatabase Design*  
*Petroleum Geology, Reservoir and Basin Modeling*  
*Applied Geomathematics and Geostatistics*  
*2D and 3D Geoinformatic*  
*Modelling of Geological Processes*  
*Geology and Environment*  
*Open Session*  
*Student Papers*

### **DISCUSSION - FORUM**

*Geoinformations in Europe (INSPIRE, ONEGEOLOGY, GeolISS...)*  
*Geological Education and its Popularization*

### **Paper Registration**

The maximum number of papers and extended abstracts per participant is two. The papers are to be reviewed by members of the Congress Scientific Committee. Author(s) whose papers are accepted will be notified by e-mail and their paper will be published in the Congress Proceedings Volume.

### **Paper Submission**

To submit abstracts and papers authors must first register on the Congress site, all communications during the review process will

be conducted via email submit in preliminary application.

Papers can be attached and submit at email: [articles@maegs-17.rs](mailto:articles@maegs-17.rs).

Extended abstracts can be attached and submit at email: [abstract@maegs-17.rs](mailto:abstract@maegs-17.rs).

Detailed instructions on paper preparation will be listed in the 2nd Announcement.

Deadline for submitting papers and extended abstracts is June 30, 2011.

### **Registration Fees:**

	before July 31, 2011	after July 31, 2011
Congress participants	150 €	200 €
Student fees	50 €	50 €
Conference dinner	25 €	25 €
Field trip (2 days)	100 €	100 €

The Registration fees include:

- Congress participation
- Program of the Congress activities
- Proceedings volume
- Welcome party
- Refreshment drinks

Students have the possibility to participate Congress activities for a student's fee of 50€

Online registration at MAEGS 17 site

[www.maegs-17.rs](http://www.maegs-17.rs)

### **Important Dates:**

Paper & Abstract submission	June 30, 2011.
Notify about Paper & Abstract	July 15, 2011.
Final registration	July 31, 2011.
Registration fee payment	July 31, 2011.
Congress	September 14-16, 2011.
Field trip	September 17-18, 2011.
